

I Know It When I See It

I've been searching since early morning
For some worthwhile things to say.
Sometimes I think I'm getting somewhere
Then the sense just slips away.
I still don't know how to explain it
What in the world is good and true,
But I know it when I see it...
And I see it in you

There's a spell that still pulls me under
I'm unable to describe.
It has something to do with wonder,
Everything to do with life.
I still don't know if I believe in
Something beyond this broken blue
But I know it when I see it...
and I see it in you.

There is something deep in the moment
That will never steer you wrong
You'll look for it in every story
Every sermon, every song
I admit I don't understand it
Even though I pretend I do
But I know it when I see it...
And I see it in you.

It's a love that has lived forever
Yet it takes us by surprise,
And it holds us safe and together,
Whether we're foolish or wise.
There are times I cannot receive it
Yet today I pray I do...
Cause I know it when I see it
And I see it in you...

I know it when I see it...
And I hear it and I feel it

I know it when I see it,
And I see it in you.
